

NWIBRT to offer an employer clinic program as a NWIBRT member benefit

What is HEALTHeACCESS and Advanced Primary Care?

Your workforce deserves access to comprehensive, cost-effective, personalized health care. Advanced primary care offers all of this and more including preventative care, disease management, cost savings, improved outcomes, provider relationships, convenience and so much more!

What are the benefits of HEALTHeACCESS?

- Patient-centered, continuous, comprehensive care
- Reduction in overall healthcare expenditures
- Lower wait times and longer visits
- Improved quality and experiences of healthcare visits
- Reduced barriers to seeking healthcare with no copays or out-of-pocket expenses
- Multiple access options – virtual, scheduled, and same day walk-in availability
- 15 locations across Indiana with convenient hours

What does HEALTHeACCESS include?

- Primary care services and treatment – well and sick visits
- Treatment for common ailments
- Annual preventative exams, x-rays, labs, vaccines, screenings, behavioral health, & nutritional therapy
- Chronic condition management
- 65+ included prescription medications – many dispensed at the time of service
- Wellness and biometric screenings
- Wellness portal – customized programming, newsletters, & incentives
- Healthcare Coordinator: scheduling, referrals, patient support
- MyChart accessibility
- Urgent care availability included after hours

Who is eligible?

Companies of any size are eligible (even one employee) and covered participants include employees, spouses, and dependents.

What is the cost of HEALTHeACCESS?

Exclusive pricing for NWIBRT members is \$65 monthly per month. This price covers unlimited visits for the employee, spouse, and dependents.
